There is a tendency to extreme secrecy whenever a crime is committed and the offender escapes detection, and this is all wrong. Of course important clues should not be disclosed, but full information as to the nature of a crime should be given out without delay.

The information leading up to the arrest of J. H. Martin was brought out by neighbors reading the columns of "blackhand" stories appearing in this paper.

There is no better instrument with which to fix a spotlight on crime than the daily paper.

THE PRICE OF WESTERN FRUIT IN EAST

Our orchardists are well pleased, if they receive \$1 a box for their apples, and yet we note that apples are new selling in New York and Philadelphia at from \$2 to \$4.75. Idaho Jonathans are bringing \$1.98 in Chicago, and \$1.55 to \$2 in Boston.

Greenings command \$3 to \$4.75. There is something wrong with western fruit marketing methods. Much of our fruit goes begging at home, while in the east the consumer is required to pay two and three Difces.

At \$1 a box, apple raising could be made a highly profitable industry in this district

HOW TO PREVENT HOLIDAY
